

# Christmas to it point is not just once a Holy Night

We've been looking forward to this for so long and now...  
We have our hands full.  
We plan for our loved ones  
and wish the supernatural peace for all.

I can always dream of one thing  
I won't have to clean up later in heaven.  
But the best present at Christmas is:  
The Eternal Love of Jesus Christ.

Anyone who really understands  
know the heavenly love does not give up.  
It spreads incessantly through sharing,  
Don't you want to stay a little longer with the Jesus child?

Take enough of this divine power yourself,  
which always creates new and also miracles.  
The world would be quite dark without Jesus then,  
let's look up to the Messiah, this holy man.

HE is king and friend to you in life  
and will give you wonderful peace.  
Stop for a moment and wake up  
whether during the day or at night.

When you open your heart inside  
and accept Jesus' forgiveness in your life....  
You will be his child for all eternity then....  
And Jesus will never leave you alone.

Even if one day this earthly life is over,  
it will go on with him in heaven then.  
Is this good news new to you?  
But one thing is for sure, Jesus is always faithful.

Maybe you can understand it better now  
why I don't want to go through life without Jesus.  
Now I invite you to get this gift down from above....  
And you can praise Him forever.

Joy moves into the grateful heart...  
pass it on that's really nice.  
Come with everything that's bothering you...  
Back in the arms of Jesus.

Here you will find security and happiness next to it  
this was also a Christmas miracle.  
You can actually experience this every day,  
what a beautiful blessing.

I wish you this with all my heart,  
pass it on to people near or far.  
But only when you know it's your turn  
that HIS Holy Spirit can guide you.

*Merry and blessed Christmas!*
