

Dear ladies and gentlemen, government representatives and rulers and the general population small and large - old and young,

Since childhood, I have felt that something was still going wrong in the German population - that's why, as a native German with several other additional citizenships, I would like to take a clear stand and make the following statement on my behalf:

I'm coming very late now, but my repeated requests to those in power in Germany to independently take back the old, serious and terrible laws against Israel and its people and ultimately also against the God of Israel (Nuremberg Laws) weighed on my heart even as a child. I also unintentionally witnessed that even after the Second World War, these were taken back by the Allies. But today we have the following situation, the first timid step was taken by the Federal President Mr. Steinmeier, who was the first president to dare to ask the entire Jewish people in Poland for forgiveness for the unspeakably cruel war crimes in the Warsaw Ghetto. It is very difficult for me, who also feel inner pain, that only recently people with a resurgent hatred against the Jews and against the State of Israel stood up, without any legally punishable consequences, and thus took advantage of the democracy that still exists, and trampled on their freedom of expression.

It was also observed that Israel was extremely attacked shortly afterwards, which I hardly dare to see in the news...

Now that the entire world peace depends on blessing or curse from the highest Creator, and there is only one Adonai, Yahweh Jireh and Yeshua, I have decided to prove my courage - and to do honor to the name Bärenkühn, and as one in German-born Jew now stands up and announces this publicly, so that everyone in government in Germany notices that the same applies as in a kindergarten dispute:

The children should settle any dispute fairly with one another.

In this sense, I allow myself to take back the entire contents of these contracts in Yeshua Ha Mashiach's name on behalf of all those in power in Germany, including those that exist in secret - which concern industries and pharmaceuticals.

I know that a person who ignored this blasphemous content back then gave his life to Yeshua Ha Mashiach and was saved from suicide. As far as I know, he forgot to make it public that he had already given his inner attitude to Yeshua Ha Mashiach and the God of Israel. In order to protect this person, together with his wife and his adopted children, I now independently take on all the harmful content of the old Nuremberg laws of 1935 and, at the age of 18, I took part in the intercessory prayer of Arie Ben Israel in Nuremberg, and was a special advisor to the police in the background through the organizer A.L. from Langenfeld - which did exemplary work.

In Yeshua Ha Mashiach's name, we also ask Adonai - Yahweh Jireh for forgiveness, for this evil organization, and we now ask worldwide, and especially for Israel and all countries including Germany, for lived love and fullness in the Holy Spirit - as well as the implementation of various things Gifts and protection of Yeshua Ha Mashiach's Holy Blood through the God of Israel - are now to be blessed, especially Israel and all other people on earth.

We thank you, God of Israel, that Jesus rose from the grave and now lives on invisibly and we also have resurrection miracles to report and experienced several times - give us wisdom and strength

when we should speak or remain silent - we give all the glory for every miracle only to you Jesus and the God of Israel through the power of the Holy Spirit - give us time of grace and that will be poured out again over the whole earth through Yeshua Ha Mashiach the Ruach Ha Kodesh and everything that happens in signs and wonders is to the honor and recognition of the glory of the only true God of Israel Adonai and Yahweh Jireh - the difference to other religions is - that Yeshua Ha Mashiach forgives and that the God of Israel wants the good life for everyone on earth but is also just. Help us to combat the biggest lie of the last major crises and give us the wisdom to name as many effective detoxification agents as possible so that people can finally continue to live in good health - please perform healing and other resurrection miracles, especially in war zones and listen to the cries of the children and people in need - please accept this simple prayer - even if it should have come through the government in Germany - give them the strength to publish it through the international media - so that many more people can be saved and healed.

A statement after experiencing a lot of suffering and torture in various areas and also experiencing miracles of preservation and resurrection through the POWER OF YESHUA HA MASHIACH AND HIS RUACH HA KODESH...together with the prophesied partner and beloved husband AND FATHER OF HEART. All glory be to Jeshua Ha Mashiach and the God of Israel - the only true God and only before HIM do we bow our knees and give him our entire lives - a blessing for many - there should be no world control, no pandemic treaties, but every country is allowed to use more natural products independently choose from God's holy natural pharmacy and decide for yourself, the farmers should all keep seeds for themselves that are not genetically modified and all banks should be generous so that the middle class does not disappear and a democracy still exists and the lies of the media should come to light little by little come so that people are not further blinded.

Yeshua Ha Mashiach and the God of Israel is stronger and greater than any money or powers in this world and created the world with the entire universe for that we are forever grateful and everyone can become a child of the God of Israel - who calls on His name - and will receive help in some way - we want to stick to that... we are calling for advice centers for the police and the military - so that they can carry out their basic tasks again - repair work and help wherever necessary and that Pastoral secrecy is not an advertisement but is intended to reduce the suffering of the population and provide help where it is really needed - laws that prohibit the military and the police from establishing direct contact with the population - should be taken away and the billions in money - from the military and the police should flow to people in need and especially the remelted Jewish gold from the Rothschilds - gold smelting facilities should flow back to Israel and be redistributed to the Holocaust survivors and other people in need - I waived millions of dollars because I didn't want to accept any of this gold as agreed with my grandpa Reinhard Brinker – and I was at the top of the list of Jewish registered citizens even though I have different citizenships. This is now my life testimony and call to conversion to everyone who reads it and prays with me and my husband for shalom and a good life.

Amen

I and my husband Ralph Baerenkuehn are interceding in the visible and invisible world - ensuring that these secret laws that still exist have not yet been officially withdrawn by the German government in the media and are now taking on this task as Jesus followers on our behalf - we cannot do so much injustice remain silent about what others are doing to Israel again after so many years. We sincerely ask that this withdrawal be made official and have good consequences for Israel - to everyone who reads it - everyone is asked to work in blessing for Israel.

Best regards
